_____	Blade Set(s) Exchange for (circle set below) Surgical • Fine • Medium • Coarse		\$33.00	_____
		Subtotal	_____	_____
	Add your local sales tax (6.)	Sales Tax \$	_____	_____
		Total \$	_____	_____

Note: Total is subject to change based on the need of cleaning, reconditioning, shipping and sales tax.

- Recondition**—applies when damaged or rusted. Condition determined by Premier staff.
- Cleaning**—applies when there is light rust, dirt, wool, hair, lanolin or manure on them. Determined by Premier staff.
- Double Grind** is required for llamas and alpacas. (We only double grind the bottom blade of clipper sets and combs.)
- Personalization (laser imprinting)**—with the following (many imprint their name, farm name, address and telephone):
Note: Personalization is only on the bottom blade on clipping sets and we can only imprint initials on combs and cutters.

- Return Shipping** is required per order (services do not qualify for the free freight program). We will weigh the shipment and return via ground service. For any number of combs/cutters or blades:
 - Shipments **under 4.5 lbs** shipping is \$7.00.
 - Shipments **over 4.5 lbs** shipping is \$10.00.
- Sales tax.** Iowa residents are charged sales tax. Final amount will be confirmed on the invoice.

Express Shipping is available upon request.
Call Premier (1-800-282-6631) for quote.

Note: The day the order is shipped cannot be considered an "in transit" day. And all delivery times exclude holidays and weekends.

Name on card: _____

Signature: _____

Blade Exchange—Save \$17

Exchange a used, dull, or rusted **Wahl/Lister®** blade set for a new Premier blade set and your cost is only \$33 (plus shipping).

How do you save \$17 a set? You save \$10 off a new blade set from Premier (retails for \$43) plus the \$7 resharpener fee on the used blades.

Must it be an exact upgrade? Fine blades for fine blades? No.

Any Wahl/Lister® blade may be exchanged for any Premier Surgical, Fine, Medium or Coarse blade in any combination (i.e. a Premier Fine for a Lister Medium).

Note: Super Surgical and XtraCover blade sets can be included in offer. Super Surgicals will be \$47 and XtraCovers will be \$35.

Why only Wahl/Lister blades? They interchange with our blades.

What do you get? You can exchange a dull, rusty Wahl/Lister blade set for a new Premier blade set.

Helpful information from Premier...

Clippers with blade sets and shears with combs & cutters

How-to store your clippers/blade sets and shears/combs & cutters

- Remove the blades/combs/cutters from the clipper or shear.
- Always clean blades/combs/cutters immediately after use by using a small brush or blowing off any excess dirt or hair. Cover them with oil to reduce the risk of rust. High carbon steel clipper blades will rust overnight. Rust destroys both the edge and the polished surface of the blades.
- Store both clipper/shear and blades away from solvents, chemicals and moisture. Never leave them where they can be damaged by accidental impact. (We offer a storage boxes with wool felt for the blades and combs and a case for the machines.)

Replacement blades are not cheap so it is well worth the time to care for them!

Sharpening...

To reproduce the quality of the cutting edge on the clipper blades that came from the factory, a lapping machine (*which Premier uses*) must be used. Most other methods are, in our experience, inferior to one degree or another.

In addition to producing a cutting edge that won't last very long, some methods can permanently damage the blades. The most common "culprit" is using the large high speed grinding wheels that are used to sharpen cutters and combs.

Premier Tip:

Clipping blade sets are meant to be kept together throughout the clipping and sharpening process. For maximum animal presentation and blade life, do not mix and match the top and bottom blades sets. Combs and cutters of a shearing machine may be interchanged as necessary.

Do's & don'ts for shipping blade sets to Premier

1. **Do** include method of payment (credit card or check), name, return address, daytime phone number.
If paying by check, please include your social security number or your order may be delayed.
2. **Do** keep blade sets together as pairs.
3. **Do** wrap them in paper or wool felt to protect them.
4. **Do** clean blades in soapy water and cover them lightly with oil or WD40™ before shipping. Premier adds a surcharge for cleaning blades that are too dirty.
5. **Do** ship dry blades. Blades must be thoroughly dry (no water) before shipping.
6. **Don't** use so much grease or oil that it soaks up the box.
7. **Don't** allow the blades to rattle around in the box.

Warning: *Blades/cutters/combs that have been sharpened by inferior methods or inexperienced people may be damaged to such an extent that they can never be restored to a satisfactory cutting capability. The same is true of blades that have become too heavily pitted by rust.*

To find our how-to videos & product information

1. **How-to videos specific to products**—videos are located below the item's "data tab" below.
2. **Instructions and/or diagrams**—additional information is available as PDF documents under the "data tab" below.
3. **YouTube Channel**—our YouTube channel contains every Premier produced how-to video.
4. **Download Instructions and/or Charts**—if there is a chart or a how-to in our catalog, a PDF is available through this link.
