## To purchase PermaNet

1. Measure the fence line.
2. Choose the length and the amount of netting needed.  
Example: For a 170 ft fence line, order a 150 ft net and a 25 ft net.
3. Choose support posts—
  - 6 ft steel T posts driven 18" deep are advised for ends.
  - FiberTuff 22 posts work for support at ends and corners.
4. Select an energizer, ground rod and a fence tester.
