

HogNet® 10/24/12

Click on the products, photos & videos below to view on our website.

Dry conditions?

How to hook up 10/24 12...

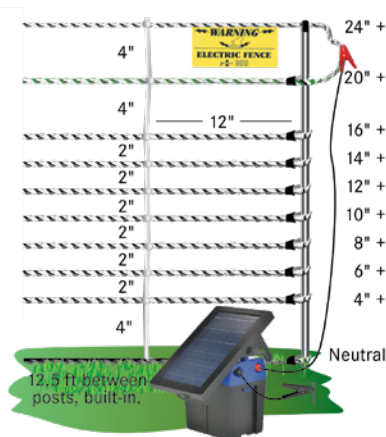

Connect energizer fence lead to positive "+" net clip and energizer ground lead to ground rod. Then connect a PowerLink from negative "-" net clip to ground rod.

Moist conditions?

How to hook up 10/24/12...

Connect both net clips together and attach energizer fence lead to net clips. Then attach energizer ground lead to ground rod.

To purchase HogNet

1. Measure the fence line.
2. Choose the length and the amount of netting needed.
Example: A 150 ft fence requires one 100 ft net and one 50 ft net.
3. Choose support posts for corners, curves and ends—
We recommend FiberTuff Posts.
4. Select an energizer, ground rod and a fence tester.
