

Hi folks,

Thank you for your purchase of our laying nest, it will make egg collecting simple and straightforward.

Laying nests can be installed in with or without the dividers:

With dividers creates private rooms for the hens.

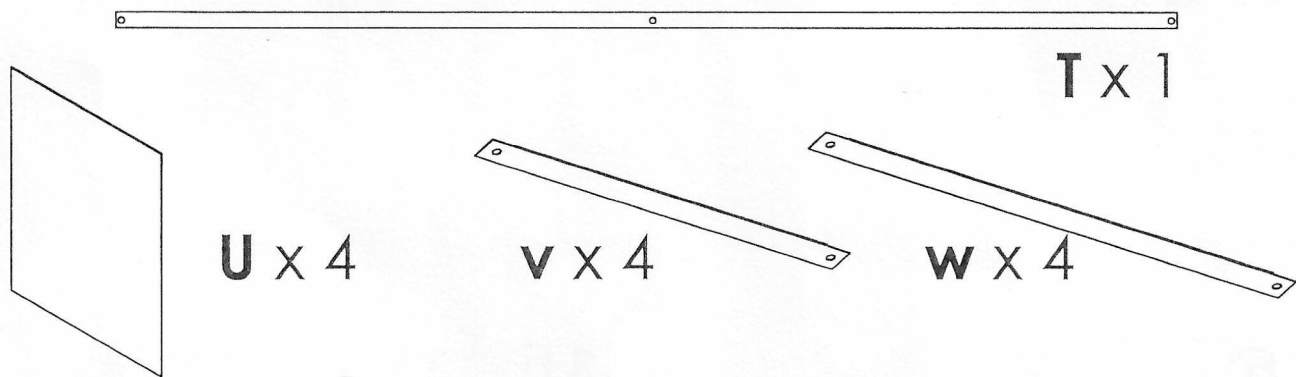

Without the dividers makes a community style nesting box. Be sure to install the curtains to make the laying area more secluded.

The instructions for option 1 are outlined on the back of the box. Option 2 is the same set up except, in step 3 you do not install the dividers. The remaining steps are the same for both options.

If you have any questions, please give us a call at 1-800-282-6631 or send an email to [info@premier1supplies.com](mailto:info@premier1supplies.com)

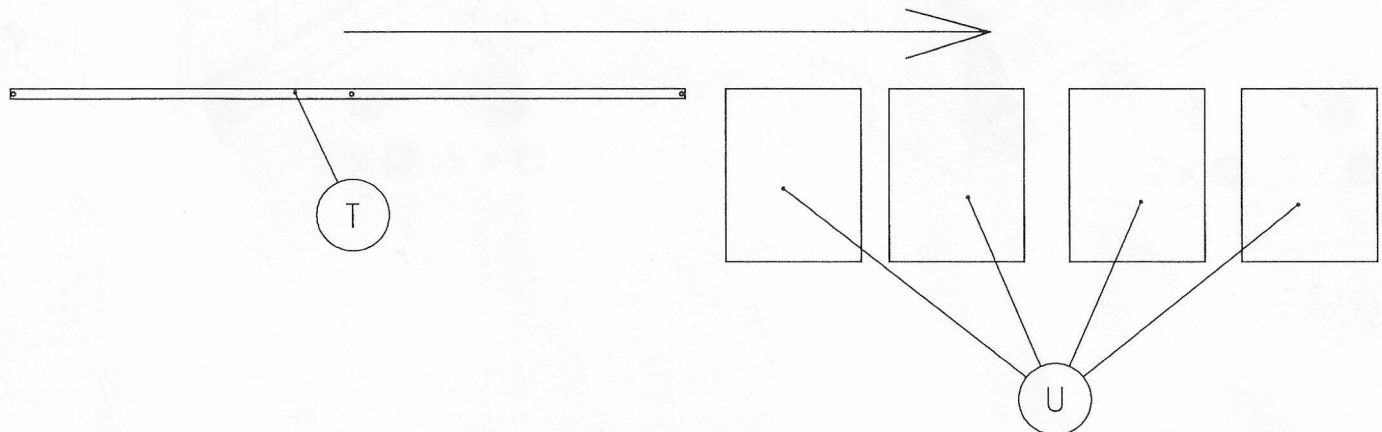

Thank you again for your purchase!
