

ElectroNet® 9/35/12

Click on the products, photos & videos below to view on our website.

To purchase ElectroNet

1. Measure the fence line.

2. Choose the length and the amount of netting needed.

Example: For a 250 ft fence line, order one 164 ft net and one 82 ft net. Or two 100 ft rolls and one 50 ft roll of Plus net.

3. Choose support posts for corners, curves and ends—

We recommend FiberTuff Posts.

4. Select an energizer, ground rod and a fence tester—

View Premier's [Energizer Comparison Chart](#).
