To purchase ElectroFence

1. **Measure the fence line.**
2. **Choose the length and the amount of netting needed.**
   Example: For a 140 ft fence line, order a 100 ft net and one 82 ft net and a 50 ft net.
3. **Choose support posts—**
   - 6 ft steel T posts drive 18" deep are advised for ends.
   - FiberTuff 22 posts work for support at ends and corners.
4. **Select an energizer, ground rod and a fence tester—**
   View Premier's Energizer Comparison Chart.
