

ElectroFence® 11/48/12

Click on the products, photos & videos below to view on our website.

To purchase ElectroFence

1. Measure the fence line.

2. Choose the length and the amount of netting needed.

Example: For a 140 ft fence line, order a 100 ft net and one 82 ft net and a 50 ft net.

3. Choose support posts—

- 6 ft steel T posts drive 18" deep are advised for ends.
- FiberTuff 22 posts work for support at ends and corners.

4. Select an energizer, ground rod and a fence tester—

View Premier's [Energizer Comparison Chart](#).
