

PermaNet™ 12/48/3

Click on the products, photos & videos below to view on our website.

To purchase PermaNet

1. Measure the fence line.

2. Choose the length and the amount of netting needed.

Example: A 170 ft fence requires one 100 ft net, one 50 ft net and one 25 ft net. However it costs less to order two 100 ft nets instead!

3. Choose either:

a. Netting Only—does not include accessories.

b. Net and Energizer Kits—Order a complete net and energizer kit.

4. Choose support posts—

As needed for ends, curves and corners. We use steel posts with tie strings, 48" FiberTuff support posts or 6 ft long 11/16" dia FiberRods.

Netting Only
