

# Heat Lamp Stand *Assembly Instructions*

#557200

1. Insert top of leg(s) into yellow cap. Note: Make sure the two holes (in the middle of the legs) face away from the center of the heat lamp stand.
2. Screw metal braces into legs using machine screws and nuts.  
*Make sure to position holes and braces as shown in photo (2) above.*
3. Insert hanger into yellow cap, attach chain and clip. Hang Prima Heat Lamp (sold separately).
